To: Prospective Clients
From : Jim Meyer
Target Store #133

I am writing to praise and highly recommend the superior services rendered by professionals at Caruso Care, they truly performed in a professional manner.

Recently, they cleaned our 68,000 square feet Target store ceiling and grids. The work was performed in seven days overnight with absolutely no odor or disruptions to our shoppers. Our ceiling tile was the original, estimated to be at least 25 years old, and the finished product performed by this organization looks like a brand new ceiling. All gondolas and merchandise was carefully covered, there was no loss due to breakage, and absolutely no resultant clean-up to perform after their exit from the building. The team was extremely cooperative and attentive to our needs and requests as well, as the project was conducted simultaneously with a fourteen team, major stockroom remodel in progress.

Hope Van Fossan is to be highly commended for her dedication and attention to detail. She presented her company's services in an organized professional manner and communicated frequently during the project. In fact, the office areas were cleaned at no Charge! Hope is truly a fine representative.

Please feel free to contact me with any question or references. Representing Target, I am extremely pleased with the finished product at Store #133, and I highly recommend this company to please you as well.

Jim Meyer
